

Release notes v2.71.0

Key	Release Note
SMAR-7417	Fix: The 'Include CC in Reply' toggle option now appears in the expanded (pop-out) view
SMAR-7339	Fix: to a bug around email forwarding that was allowing copied addresses to be included on emails sent to and from agents and 3rd parties
SMAR-6950	Enhancement: Agents can highlight any fields value within the CTR with a single click. This will allow them to copy information from the CTR quicker
SMAR-4641	Enhancement: Enhanced Contact Search to now allow searching by email (email address, cc and content) and social media types
